

ECOAGE

Elders' Wisdom, Youth's Future

The primary goal of ECOAGE is to empower older adults to become environmental mentors for the younger generation by teaching them sustainable environmental practices.

Together we can improve our communities for a more sustainable future.

Project Objectives

- ❖ Empower older adults to be socially active by sharing historical, environmentally-friendly practices with children and young adults
- ❖ Enhance their mentorship skills, hence increasing their confidence, participation in the society and sense of usefulness
- ❖ Revive and promote the adoption of old and environmentally-friendly practices among the younger generations
- ❖ Empower and promote senior entrepreneurship

The **"ECOAGE: Intergenerational solidarity towards an ecological life in Cyprus"** project benefits from a grant under the Active Citizens Fund Cyprus programme, funded by Iceland, Liechtenstein and Norway, through the EEA and Norway Grants 2014-2021.

ECOAGE

Elders' Wisdom, Youth's Future

Target groups:

- ✓ People aged 60+ and youth
- ✓ Environmental NGOs

Join the ECOAGE project to gain experiences, share knowledge, have personal development and enjoy a sustainable lifestyle.
